Customer journey map

Booking a 5-night stay in Thailand, from first idea to the next trip

Persona · Martin, 32, remote designer
Plans and books his own travel. Cares about comfort and flexibility. Loves calm environments and hates surprise fees.

	Inspire	Search	Compare	Book & pay	Pre-stay	Stay	Post-stay
Goals	Find inspiration for a getaway	Find stays that fit dates and budget	Choose the right hotel and room	Book quickly and securely	Feel prepared for the trip	Smooth check-in and a good stay	Share the experience, book again
Actions & touchpoints	Opens app, browses Splash, Home picks and weekly deals & inspire	Searches a destination, applies filters, switches to map view	Opens hotel detail, gallery, reviews and the room list	Starts Hotel and guests, checks out, pays by card or PromptPay	Gets confirmation, opens voucher, chats with the hotel	Shows QR at check-in, uses directions and in-stay chat	Leaves a review, sets a price, saves the hotel
Thoughts	"Where should I go this January?"	"There are so many options…"	"Are the photos real? Is it worth it?"	"I hope these are no hidden fees."	"Good, the airport pickup is sorted."	"Check-in took two minutes."	"I'll save this place for next time."
Emotions	Excited	Curious	Unsure	Anxious	Reassured	Delighted	Loyal
Pain points	Suggestions don't match budget or travel dates	Too many results, prices shown without taxes	Hard to compare rooms, cancellation rules unclear	Long forms, surprise fees, failed payments	Confirmation buried in email	Queues at reception, staff hard to reach	Review requests feel like spam
Opportunities	Personalised picks and deals on Home and Explore	Smart filters, live miniature prices, price pins on the map	Review summary, room cards with policy badges	Full price breakdown, saved cards, 3-step checkout	In-app voucher with QR, reminders, hotel chat	QR express check-in, requests through chat	One-tap review with points, rebook from Travelled

User flow · Book a stay

Happy path with sign-in, sign-up, guest checkout routing, with the sign-in and payment decisions
