CAREWELL · CUSTOMER JOURNEY MAP

From worry to continuous, connected care

Scenario: Sarin needs to find trusted chemotherapy care for her mother, book a consultation, and keep track of the whole family's health — all in one app.

PERSONA

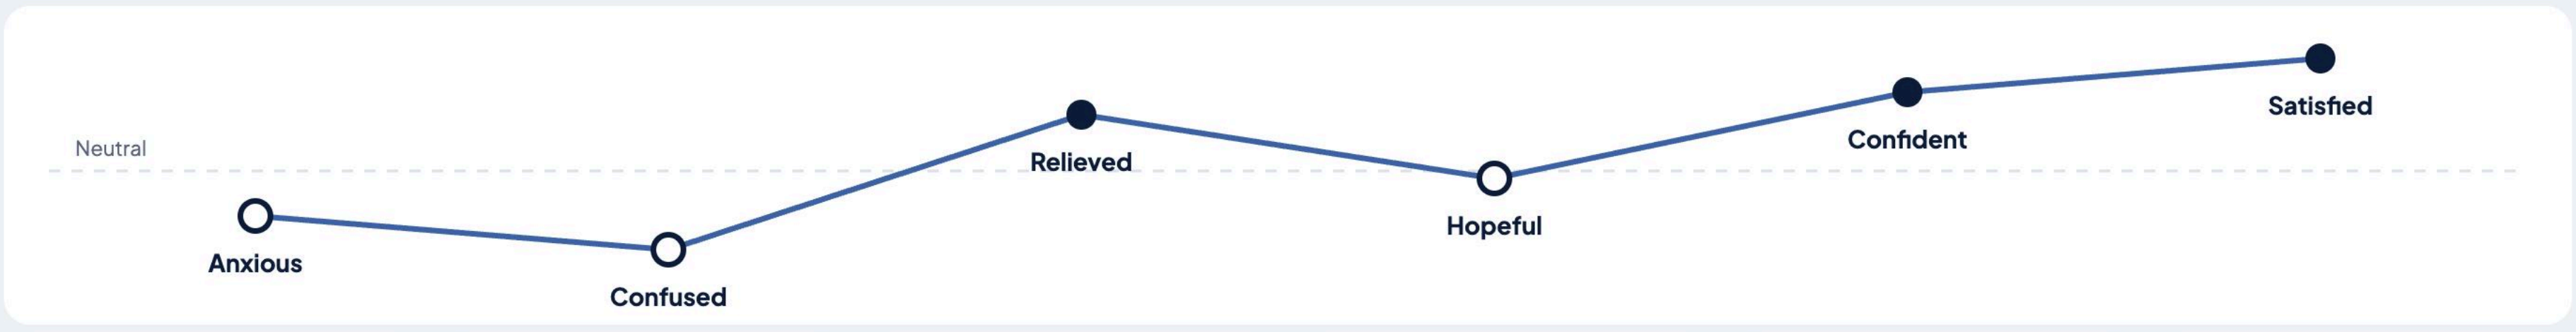
S **Sarin, 34**

Office worker · Bangkok · Tech-savvy but short on time

"I want information I can trust, booking that's easy, and Mom's health and mine in one place."

	01 **Awareness**	02 **Consideration**	03 **Booking**	04 **Service**	05 **Post-care**	06 **Loyalty**
Goals	Understand Mom's symptoms and know where to start	Compare treatments, doctors and costs	Book a consultation at the most convenient time	Arrive on time and avoid long waits	Understand results and follow the care plan	Track the whole family's health long-term
Actions	Googles symptoms, asks friends, sees an app ad on social	Downloads the app, signs up, searches "chemotherapy", filters	Reads details, picks a doctor, date and time, pays	Gets a reminder, checks in by QR or joins a video call	Reviews lab results and prescription, sets pill reminders	Logs vitals, books follow-ups, leaves a review
Touchpoints	Search Social Family	App Store Onboarding Search	Detail Calendar Payment	Push QR Check-in Telemed	Lab results Meds Chat	Health Overview Family profile
Thinking	*"Does she need to see a specialist for this?"*	*"Which doctor is the expert — and how much will it cost?"*	*"So much easier than calling the hospital."*	*"How long until it's our turn?"*	*"What does this number on the report mean?"*	*"Everything in one app — I feel so much calmer."*

Emotion



Pain points	Scattered online info of unclear reliability	Opaque pricing, few doctor reviews	Long forms, unsure about insurance coverage	Long waits with no visibility of the queue	Lab reports are hard to read; missed doses	Switching between apps to care for several people
Opportunities	**AI Symptom Checker** + doctor-reviewed articles	**Treatment cards** filters, from-price and ratings	**3-step booking** auto insurance check	**Live queue** + directions to hospital	**Plain-language results** + medication reminders	**Family profiles** + weekly Health Overview

AI Symptom Checker
CareWell assistant is ready
This is general guidance, not a diagnosis. In an emergency, call 1669.
Hi! Tell me what symptoms you're worried about. Is it for you or a family member?
For my mom. She's tired, losing weight, and has a lump on her neck for about a month.
Thank you for sharing. These symptoms should be checked by a specialist soon.

LIVE CAPTIONS
"Her blood count is improving — we can start round two next week."

Dr. Ornuma Srisuk
Online · replies in ~10 min
Today
Hi Doctor, Mom's hemoglobin came back at 11.8. Is that a concern before round two?
CBC_Oct14.pdf — Lab result · 220 KB
Thanks for sharing. A slight dip is common during chemo — we'll go ahead as planned and recheck next week.
Please add iron-rich foods and keep her well hydrated.
